by Winding Fishing Line Well**

Electric Line Winder

Model No.: YH-800

Features

- From reel to spool, from spool to reel, both directions of winding are available.
- Can wind even long line quickly with speed control function.
- PE lines between 0.5号~6号 (10lb~90lb) are compatible with tension control function of max. 3kg.
- 3 ways to secure the winder: Using included vise, included bars for feet fixing, or string.

Specifications

Operating Temp.	5~40°C
Dimensions	Approx. 230mm (W) x 215mm (D) x 165mm (H)
Weight	Approx. 1.8kg
Compatible PE Line	0.5号~6号 (10lb~90lb)
Tension	Approx. 0.5kg~3kg
Accessory	Adaptor(*) x 1pc, Vise x 1pc, Spool x 1pc, Bar for feet fixing x 1set

(*) Adaptor

Rated Input	AC 100V - 240V 50/60Hz	Rated Output	DC 15V 1500mA
Length of Cord	Approx. 1.8m	Weight	Approx. 120g

LINE WINDER

Auto Electrical Load System

Can apply a certain amount of tension to the line.

Standard tension for PE line

Compatible PE Line	Tension
0.5 - 0.9号	1
1号	1 - 2
1.5号	2 - 3
2号	2 - 4
3号	3 - 5
4号	3 - 6
5 - 6号	4 - 7

6 Spools can be attached

Example to wind the line to a spool

Can wind long line over 500m easily with the electric winder.

- Speed control function with continuously variable transmission.
- Various spools are available.
- One big size spool included.

- The specifications are subjected to change without prior notice.
- No use specific environmentally hazardous substances based on the RoHS directive.

LINE WINDER

Auto Electrical Load System

Winding the line to a spool

- Easy to wind even long line with the electric winder. Speed control is available.

Winding the line to a reel applying a certain amount of tension
